DISCUSSIONS

- Presentation by Proven IT – Electronic Document Services  
The presenter provided an overview and demonstration of the varying services offered by Proven  
  - He spoke of online documentation for completing forms and communicating with building inspectors. The inspectors can then complete the inspection paperwork manually or online.  
  - The users and residents will receive immediate approval of Re-occupancies and Building Permits

  - Any forms can be stored in their repository. Can collect documents, pictures, mega data, etc.  
  - Reminders can be sent  
  - All can be customized with a subsequent Process Diagram as demonstrated

- Trustee Jasinski asked about the cost of the product and how many municipalities are using the system. The cost is dependent on the services requested and the number of individuals accessing the system. It could be between $200-600.00 monthly. There are four - 25 municipalities utilizing the systems in Illinois. He serves four of them.

- Mayor Burgess asked how data is hosted? It could be cloud-based, or retention can be saved on a server on-prem. Does it interface with CIVIC? It does!  
Mayor Burgess asked about upfront costs and was provided a menu of billing:  
  - 10%- 15% of software costs. It is dependent the number of forms and data to be collected  
  - 100.00 per staff annually or $700-$800.00 for a perpetual license. Subscription costs are based upon public portals and the number of forms needing to be created. Users who receive the data and utilize $100.00 a year. The administrative/office staff users $600.00 per year.  
  - 3-5-year agreements are required for software. Once licensing is charged for the year on non-renewal, fees are not prorated. Only one license is required
• Trustee Grant asked if a proposal would be forthcoming, the level of support to be provided and if there is a fee. He was told it (the proposal) would be provided once all factors are considered
• Mayor asked that the proposal includes data and costs

• **Application for a Business License for Tobacco and Pipes Shop - Adel Abdullah**
  o Mr. Abdullah asked to sell the following paraphernalia in the current shop located 2583 Sauk Trail: Glassware for Hookah pipes, tobacco, cigars, vapes, all accessories

  o If there a need for an ordinance. If so, it would go to the Ordinance Review Committee as there is none such business authorized in the Village

  Mayor Burgess advised Mr. Abdullah of the necessity for a background check.

  Ron spoke to:
  o The proposal for taking over the fire side of dispatch. An exact cost must be developed as it requires breaking a contract with Kurtz/Calcom
  o Funds the Village receives from the State Board is $98,000.00, but other towns are getting much more than Sauk Village.
  o The Village needs to review all fees as they provide a flat fee that is not borne by the other Villages. They pay no phone bills, connection fees, new software, and technology are provided at no cost and could save $150,000.00 annually
  o The funds from Cook County would be sent back to the Village; he spoke of another $30,000.00 for services. Dispatch calls would be enhanced. He could assist with ETSP (Emergency Transportation Safety Board) ran by the State of Illinois.

    o Mayor asked about the possibility to go with Police Department and the Fire Department so as not to have two dispatch services
Trustee Brewer mentioned the “lift Assist” required by our staff and was told that it is an agreement between the fire department and Buds.

Trustee Williams asked if any other towns dispatched just for fire service and was told, no.

Trustee Bernice Brewer led the following agenda items:

- A Resolution Amending Designating an Authorized Agent to the IMRF as evidenced in R2018-017
  - Trustee Brewer asked to amend IMRF as a designated Authorized Agent. She asked that the Payroll Administrator and Treasurer be appointed. This item does not require and ordinance review. This item will be included on the next Board agenda for consideration.

  - Trustee Todd mentioned no breakdown in payroll.
  - Trustee Brewer wanted to vote on them separately.
  - Trustee Williams attempted to explain that it is an attempt to alleviate contention.
  - Trustee Grant reminded the others of the changed practice and early receipt of Accounts Payable. This item was removed from the table permanently.

- An Ordinance Amending Ordinance 18-012 Adopting Policy /Procedures and Reallocating Temporary Rehab funds
  - The Trustees agreed to certain conditions as presented by the Asst Finance Director. One being to add a $500.00 penalty if the home is inhabited during that period. Referred to Committee.

  - There was brief discussion but was tabled for further discussion. Trustees agreed to provide comments to Trustee Brewer and suggested that it be placed back on the agenda in two weeks.
PUBLIC COMMENT

- B. Hopkins asked who access to the data from the company would have collecting funds and when the 221st repairs, would be completed

- J. Copley mentioned having a problem with all the meetings scheduled over the last eight months, citing meetings canceled and rescheduled and asked when the actual meetings are

- D. Morehead thanked the mayor for the tree removal. The tree pushed up the skirt of her driveway as it damaged her car. She asked for a review and corrective measures

- Z. Ayres addressed: if residents of Sauk Village were informed of the developer wanting a truck repair, the presentation by the lawyer made reference that this proposal was known; the failure to mentioned the June 5th and June 7th applications and funds submitted for each application received, and the Notice had not provided as required.

- J. Cast added to Mrs. Ayres’ statement that it violated the agreement as required. She asked why there was no transparency. She provided a historical perspective of the last water issue. She expressed concern as this involves the entire Village and that she was tired of begging for information.

- F. Anderson expressed disappointment at the contention at board meetings; she disagrees with Buds doing dispatch; she is surprised by the inspections and suggested that Trustee Jasinski provide insights, and asked that mayor to get Trustees the requested information

- A. Coleman spoke to the proposed budget. He was concerned that Trustees wanted to present budget when they did not know who the author of the modified budget was and that there were no funds stipulated for the appropriations. He spoke to the lack of transparency concerning the budget. He stated ordinances are not needed when communication and agreement are required.

Mayor Burgess’ Responses

- Proven presentation – the company, only informed of the services they offer. Must look at the practicality and cost. The sidewalks on 221st were not included in the contract.

- Meeting dates: 1st and 3rd Tuesdays are Committee Meetings. 2nd & 4th Tuesdays are meetings where business is conducted. Special Meetings are called when there is an urgency

- Thanked the satisfied resident, can’t guarantee that the sidewalk would be repaired

- Truck Repair shop – is unaware of a license/application paid for $250.00. It was a Zoning application only. It is not a done deal. He discussed the required process

- Bud’s Ambulance discussion was a presentation. It would have to go to bid. The company provided its perspective.
