2. Boy Scout Troop 152- Proposal (Tree planting in memory of PFC Shane Penley)
Boy Scout Troop 152 proposed a community service project to plant a tree in memory of PFC Shane Penley. Scouts Nilton McAllister, David Estes, Matthew Hemp, Robert Brown, Timbre Turner and Christopher Witt are seeking permission from the village to plant the tree at the Village Memorial before Memorial Day. The troop will fund the project and plant the tree. The Penley family is honored and on board with the project. The troop will contact the Beautification Committee and Public Works Director Weller for further direction after the village approves the project. The troop will appreciate any volunteers that are interested in working on this project. Mayor Hanks thanked the scouts and stated the board agrees to allow them to move forward with the project.

3. License Agreement for Access to Grade Crossing Data (CN Railway)
Village Engineer Czarnik presented the license agreement that needs to be sent to CN Railway to acquire access to a system that would let the village’s emergency response dispatchers know in advance when railroad/ street crossings are clear or if the crossing gates were down. This will speed up response times. This system will be maintained by CN and is available at no cost. There is no need for any special equipment. Internet access is required. Discussion was held on response times. This agreement will be included on the next board meeting agenda for consideration.

4. Review MFT Resolutions and Agreements
BLR 14230 Resolution for Maintenance of Streets and Highways by Municipality Under the Illinois Highway Code
BLR 09111 Resolution for Improvements by Municipality Under the Illinois Highway Code
BLR14231 Municipal Estimate of Maintenance Costs
BLR05512 Preliminary /Construction Engineering Services Agreement for Motor Fuel Tax Funds
Village Engineer Czarnik stated the resolutions and agreements are the standard forms necessary to receive the annual Motor Fuel Tax funds.
This year’s project includes pavement resurfacing/ reconstruction with intermittent curb and gutter replacement, sidewalk replacement, drainage structure adjustments and other associated items:
Peachtree- 223rd Street to Brookwood Drive
224th Street- Nichols Drive to Brookwood Drive
226th Place – Nichols Drive to Spencer Drive
216th Street- Charlotte Court to 216th Place
Charlotte Court- 216th Street – Cul-de-sac
Village Engineer Czarnik stated funds also provide maintenance and repairs to streets and street
lights, snow removal. Storm sewer maintenance, sidewalk repair and traffic signal maintenance,
etc…
The village is still waiting for the IDOT funds for 223rd Street that will provide emergency access to
Sauk Trail. Mayor Hanks stated the funds were approved but have not yet released. The resolutions
and agreements will be included on next week’s agenda for consideration.

5. 60th Anniversary Update
Trustee Williams-Baig provided an update on the Sauk Village 60th Anniversary activities. Sauk
Village will celebrate its 60th Anniversary on March 12, 2017. Ten years ago the 50th Anniversary
Celebration was a three day event. There was money set aside in that year’s budget to fund the event.
This year the Public Relations Committee is reaching out to Bloom Trail High School to provide
Sauk Village students the opportunity to participate in Student Government Day and design the 60th
Anniversary village sticker.
The 60th Anniversary Celebration will take place Sunday, July 1st. Planned activities are a large
parade, fireworks and a variety of attractions throughout the day. A carnival was considered. Due to
the low turnout and other incidents, it was decided to offer other activities in the one day event.
Elected officials and residents are encouraged to bring ideas and volunteer for the event.
Fundraising will begin soon. Trustee Washington-House suggested a banner should be hung on Sauk
Trail announcing the 60th Anniversary.

6. Public Comment
All questions and comments must be directed to Mayor Hanks. Each speaker will be given
three minutes to comment on the topic(s) of their choice. Each speaker will be allowed one
opportunity to speak.
Bernice Brewer asked about MFT and Federal funds and asked who determines how the MFT funds
are spent.
Mayor Hanks stated a certain criteria must be met in order to apply for MFT (Motor Fuels Tax) and
CDBG (Community Development Block Grant funds). Public Works Director Kevin Weller
provides a list of the worst case scenarios. Village Engineer Czarnik reports on the annual funding
that is available. MFT Funds were used through years for salt, water main breaks, street repairs (cold
patch), etc…
Debbie Robinson commented on unresolved issues in Lincoln Meadows.
Lights out and repairs needed at the front entrance, pothole/sink hole in back of the subdivision and
the difference in water meter prices- $250.-$275.
Mayor Hanks stated the village is working with ComEd to resolve the issue with the light.
Mayor Hanks stated the work at the front entrance should have been taken care of but could have
been delayed due to the weather. There will be a follow up conducted on these issues.
The difference in water meter prices- $250.-$275. Mayor Hanks stated the pipe going into the water
meter in newer homes now is a larger pipe which requires a larger diameter on the meter. Older
homes have meters with a smaller diameter and the meters cost less.
Jan Clark commented on the Preliminary Service Agreement and provided ways people can get
involved in the 60th Anniversary.
Mayor Hanks stated steps are taken to identify the roads and streets that will be repaired before the
MFT funds are applied for through the state. The board approves the necessary agreements to obtain the funding.

Francine Anderson was in favor of the Boy Scout’s proposal. Additional concerns pertained to the 60th Anniversary and Student Government Day activities and MFT funds.

Trustee Williams-Baig stated the 60th Anniversary Committee is working now to put things in place regardless to who is sitting on the board in July. The 60th Anniversary Committee will conduct fundraising which is difficult because of amount of money that is due to our vendors who normally contribute to these types of events. Funds were successfully raised just recently for the holiday events. Donations will gladly be accepted.

The Public Relations Committee tried to work with District 168 School Board last year and tried to meet with their criteria but the school board chose not to participate in Student Government Day. District 206 is receptive to the events.

Mayor Hanks stated the village is applying for $150,000.00 in MFT funds for road repairs to the streets that were mentioned, $103,000.00 for maintenance operations and engineering costs in the amount of $1,250.00.

Judy Cast commented on the residents needing to receive an Aging Report, Accounts Payable and Accounts Receivable.

Trustee Washington-House reported the Neighborhood Watch Committee meetings are scheduled for 7:00 pm on the second Monday of every month at the Fire Station. The committee is always looking for more block captains. Trustee Washington-House invited everyone to participate in the free concert Unity in the Community event scheduled for Friday, March 10th at 6:00pm at Rickover Junior High School.

Elected officials, pastors and others from outside the community have been invited to participate including WVON 1690 radio personalities and Willie the Entertainer. Trustee Jones stated Open Gym will reopen on January 28th and will continue on the last Saturday of the month. The Parks and Recreation Committee is working on a dance, possibly in April, for the 6th, 7th and 8th graders. The dance will be held in the Community Center. The committee is also working on the Summer Camp program.

7. Miscellaneous Business

Comments from the Trustees

Trustee Jones reported to Administrator Fairman that the floors still have been touched and asked for an update on making the temporary fencing around the detention pond permanent.

Trustee Tates provided condolences to the Sullivan Family on the passing of both Ed Sullivan and his wife (Diana). Ed was a village mainstay with the Sauk Village Sports Association, veterans and seniors. Ed attempted to plant rosebushes at the memorial but was met with opposition.

Trustee Tates commented on why he does not vote to approve Accounts Payable and minutes, Student Government Day, audit reports, the need for a Treasurer’s report, a FOIA report with the Attorney General, storm branch pickup and requested information on the state boundaries and an update on the cellphone issue. Trustee Tates stated he will not vote for the Accounts Payable if the Finance Director is not present. Trustee Tates stated he never made comments about Student
Government Day, audits or aging reports. Trustee Tates commented on personal attacks. Trustee Tates stated the minutes are garbage.

Mayor Hanks directed Trustee Burgess to follow up with the branch pick up. Administrator Fairman stated some phone lines have been disconnected. Administrator Fairman will follow up with the cellphone issue and the state boundaries.

Trustee Burgess was under the impression that the sink hole was filled in with asphalt and wait for the concrete companies to open to fill it with concrete. Trustee Burgess will follow up and get back to Ms. Robinson. Trustee Burgess will follow up with Kevin Weller on the branch pick up.

Trustee Burgess asked what the parameters are to place information on the marquee. Trustee Burgess was told the Town Hall meeting will not be posted on the marquee.

Mayor Hanks stated committees and commissions can post meeting notices on the marquee. Political or personal meetings will not be posted. Trustee Burgess stated the Town Hall meetings are not political.

Trustee Burgess stated the Town Hall meeting is scheduled for Wednesday, January 18th at 7:00pm.

Trustee Burgess stated the Public Works Department is under the direction of Administrator Fairman not him. He cannot tell Director Weller what to do.

Trustee Williams-Baig stated there is a difference between the Finance Director and the Treasurer. The board has asked the Mayor questions about the Treasurer. The board is limited to what they can discuss when there is pending litigation as is the case with the Treasurer. The Treasurer is not discussed during Budget and Finance Committee meetings. The Police and Fire Pension Board is also separate from the village.

Audio tapes and minutes reflect comments made by Trustee Tates in the past. The tape where the comments were made about Student Government will be provided at the next meeting.

Trustee Williams also commented about personal attacks. The Village Clerk has repeatedly asked if anyone notices an error in the minutes to bring it to her attention and she will check the tape and change it if she is wrong. Village minutes are a permanent record that should be corrected if they are wrong.

Mayor Hanks quoted bible verses about foolish statements and attacks. Mayor Hanks commented on who motioned and failed to second the rosebush program and stated not approving Accounts Payable affects the Aging Report and could result in our Emergency Responders and other personnel not getting paid. This is an election year and false stories and allegations will be made. This administration has provided more information to the residents than any other previous administrations.

Roads are being repaired, fire hydrants are constantly being repaired and replaced and vendors are getting paid. There is crime here and everywhere but the amount of crime in Sauk Village is being reduced. The Police Department is addressing the crime by using resources they have available.

Litigation is being reduced. Some of the people who attack this administration are the cause of frivolous lawsuits and multiple FOIA’s that cost the village residents money to research and defend.
There is stronger enforcement to repair broken B Boxes and for people to pay their water bills or risk getting shut off. Liens are being placed on properties.

Mayor Hanks agreed that Trustee Burgess does not have the authority to tell the Public Works Department what to do but as the chair of the Public Works Committee he does have the authority to ask if there is a schedule in place to pick up limbs in the village and to come back to report to the village.

8. **Adjournment**

Mayor Hanks asked for a motion to adjourn. The motion was made by Trustee Williams-Baig and seconded by Trustee Washington-House.

3. Public Comment
covered under the village insurance. Mayor Williams-Baig reported the YRC/ Roadway discussion was held in Executive Session. The board cannot address pending litigation in the open. It is unclear how the information is known outside of Executive Session. Valary Lewis explained the village should maintain the retention as low as possible in order to keep the village from coming out of pocket.

Pat Couch commented on a Facebook article that used a derogatory term when referencing a recent incident where a police report was filed.

Frank Williams commented on how litigation, FOIA’s and unpaid water bills and back taxes contribute to the lack of village funds.

3. Miscellaneous Business

Comments from the Trustees
Trustee Burgess asked which trustees voted for money to be transferred from the water fund on the last Account Payable. Board meetings are the wrong venue to discuss Facebook posts.

Trustee Tates stated anyone can submit a FOIA and someone should process it. FOIA’s and agendas can be handled internally without going to the attorney. Trustee Tates commented on borrowing money from the Water Fund for non-water related items. Trustee Tates stated the focus should be on the meeting and not Facebook posts.

Trustee Jones reported volunteers are needed to stuff Easter Eggs on Friday, April 14th in the morning.

Trustee Washington-House reported the next Neighborhood Watch meeting is scheduled for Monday, March 13th at the Fire Station at 7:00 pm. Residents and businesses are invited to contribute to and participate in the Unity in the Community free concert taking place on Friday, March 10th at 6:00 pm. Doors open at 5:30 pm. Darryl King from 102.3 FM and the Bling Bling and Willie the Entertainer will be on hand. Everyone is invited. Trustee Washington-House stated the decision has already been made that residents can talk about anything they want for their three minutes. Trustee Washington-House said she is constantly FOIA’d for the programs she does. She answers the FOIA’s and will continue to hold programs. Trustee Washington-House thanked everyone who helps with the Neighborhood Watch Committee.

Trustee Myers reported the Housing Commission is now working with the Police Department and Cook County to sign complaints for people breaking into vacant homes and moving in to them. Trustee Myers stated a recent Cook County grant was denied because of the negativity surrounding Sauk Village. Trustee Myers would like to FOIA the minutes from the Cook County meeting where this was discussed. Trustee Myers commented on the attack of a clerk at the front desk. Police Chief Kowalski stated the offender was arrested. Trustee Myers requested that Public Works install a protective barrier at the front desk. Trustee Myers reported the Fire Department is looking for Part Time firefighters aged 18 years old and up that can pass a background check and physical.

Mayor ProTem Williams-Baig stated the programming for Student Government Day and judging for the village sticker for the 60th Anniversary is moving along. Mayor ProTem also commented on the residents being allowed to have their three minutes and the decorum during the meeting. Mayor ProTem Williams agreed that the past due taxes and unpaid water bills are part of the problem of the lack of village funds. Mayor ProTem Williams-Baig suggested a contingency fund four months ago to maintain funds in the water fund for emergency. Residents are told to FOIA information that is not readily available. FOIA’s do not go to the attorney. They are handled in house. If the FOIA requestor is not satisfied with the response and reports this to the Attorney General attorney input may be necessary. Agendas only go to the attorney under special circumstances. Trustee Williams-Baig stated that when comments are placed on Facebook on a page that uses the village logo and the name of the village people look at that. This is election season.
Negativity is not necessary. Let’s move forward. Election materials cannot be passed out in the board room.

4. Adjournment
Mayor ProTem Williams-Baig asked for a motion to adjourn. The motion was made by Trustee Washington-House and seconded by Trustee Myers.

As of the end of January, 2017- Fiscal YTD water revenues increased by $338,226.40 over the same period a year ago. This represents the ninth (9th) straight monthly increase in water revenues.
Most of the revenue has come as a result of staff identifying non-payers and related issues involving tampering of water collection data. It has taken staff more than a year to identify these circumstances and taken corrective action.

**2016 UCR Crime:**

The end of the year 2016 UCR crime statistics show a decrease of 23% over 2015.

For the social media folks who for whatever reason continue to misrepresent Sauk Village’s UCR crime information, please use the graph that I am providing as a visual for your media page.

Currently, 2014 UCR information has been released. The 2014 adjusted information will be released later this year along with the 2015 UCR data. The reason for the adjusted 2014 UCR came as a result of a conflict between the New World Software which was purchased by the village to collect and report crime information and reporting data submitted by the former Chief of Police for that period. (A graph was available to the board residents.

The minutes of March 3, 2015 state that the additional rate increase from $5.50 to $7.50 per 1,000 gallons was required to pay the IEPA loan for water treatment plant improvements. The $5.50 rate is a break even rate. The minutes also state if loan forgiveness occurs the increase is not required. Loan forgiveness has occurred on the IEPA loan leaving a balance of less than $900,000.00. Mayor Hanks recommended reducing the water rates by $1.00. Mayor Hanks presented boards that show the $2 million dollars worth of road and infrastructure projects that were completed during his administration from 2012-2017. Mayor Hanks clarified that the water fund and garbage funds are separate. Garbage pickup is included on the water bill and billed separately. Mayor Hanks further discussed the total litigation, Foia and administrative costs attributed to three individuals- Wiszowaty, Houston and Anderson.

1) Proclamation- Comcast Cares Day
Village Clerk Williams read the proclamation for Comcast Cares Day in Sauk Village. Comcast Cares Day is April 22, 2017. Mayor Hanks reported the ordinance referred to in agenda item #6G pertains to reducing the water bill by $1.00 per 1,000 gallons. The water rate was increased by $2.00 to defray the cost of the $4.8 million dollar IEPA loan for water treatment plant improvements. The water treatment plant improvements have been completed. Loan forgiveness and a state grant in the amount of almost $4 million dollars leaves a balance due of less than $900,000.00 to be paid over the course of the next 20 years. Mayor Hanks is recommending reducing the water rate by $1.00 per 1,000 gallons. The remaining $1.00 will pay the annual loan amount with some funds left over for any additional work that needs to be done.

B. Village Clerk – Mrs. Debbie Williams

MISC:

**Water Revenues:**
With 5 days left in March and the full month of April yet to go, water revenues have exceeded last year by $119,870.53. It is projected that by fiscal year end revenues will exceed last year by as much as $400,000.

**Treasurers Report:**
It was brought to Administrator Fairman’s attention that Mr. Wiszowaty posted a “BlogSpot” on his Facebook page indicating that the recent Treasurers Report neglected to include the payment information for himself and his assistant. Administrator Fairman researched this claim and found that he was correct. As of yesterday, the Treasurers Report was amended to include that information. Had the Village had the accounting software to generate this report errors such as this would be a non-issue. If you recall Administrator Fairman has asked the Board in the past for funds to replace the Village’s outdated accounting software.

However, and as Mr. Wiszowaty knows (through his recent FOIA on 1/15/2017) Administrator Fairman’s income is $80,000 with no deductions plus reimbursements are fixed by contract. Administrator Fairman’s assistant’s income is $20,000 with no deductions or reimbursements. Not the combined $125,000 he stated on his BlogSpot.

Also in his “BlogSpot”, Mr. Wiszowaty implied that Administrator Fairman may have committed some sort of misconduct regarding pension laws. Administrator Fairman stated he has not. Administrator Fairman’s attorney also disagrees with his inferences and will address Mr. Wiszowaty and his claims legally.

**TIF #3 Project:**
For approximately a year Administrator Fairman and his assistant have been working, with the approval of the Mayor, to bring a Global Corporation to Sauk Village.

The fiscal impact for the Village would bring much needed financial relief in the form of:

- Hundreds of local long term employment opportunities and mid-term construction jobs;
- Hundreds of thousands of dollars in additional property tax revenue and construction fees;
- Secondary development, bringing additional jobs, property and sales tax revenue as well as user fee and construction returns and finally;
- This corporation has indicated that it would be amiable to providing the Village with annual grants to help upgrade our public buildings and aging infrastructure.

The project was put on hold last August. As of a few days ago we were advised that it was beginning to move forward again. A tentative offer on property on the North end of TIF3 has been placed. This past Monday we were notified that on site due diligence was being conducted. Secondary development, ancillary to this project, is proposing a truck stop and a “named” Hotel/Motel at the corner of 394 and Sauk Trail, adding approximately 50 additional employment opportunities.

Project and spin off revenue for the Village’s ailing General fund has not yet been estimated but it is projected that deficit spending for this Fund will be eliminated.

Administrator Fairman and his assistant believe that Sauk Village can and should be the new leader in economic development in the South Suburban area. Administrator Fairman will continue to update the Board on the progress of this project as it occurs. The Village has been asked to withhold the name of the corporation until it can secure the necessary documents to move forward, at that time they will prepare a formal news release.
Discussion was held on the proposed development and a recent meeting with ComEd representative Lisa Aprati. ComEd is working with Public Works Director Weller to identify who is responsible for the street light outages. Public Works will schedule repairs as needed.

The referendum that passed is no longer valid. The cost stated in the referendum is far less than what the cost would be today. The village continues to pursue Lake Michigan water. The Illinois Department of Natural Resources denied the village allocation based on the leaks, the need for Candlelight Village and Weatherstone Estates to disconnect from Sauk Village and get their own allocations and the fact that Sauk Village water is safe to drink. a $1.00 per thousand gallons reduction on the current water rate. Mayor Hanks stated the water rates were
increased by $2.00 per thousand to pay the $4.8 million IEPA loan for the water treatment plant
improvements. The balance of the loan is now under $90,000.00. At the time the increase was approved it

Additional discussion was held on Lake Michigan water. The $2.00 was never intended for Lake Michigan water. Trustee Myers stated Candlelight Village and Weatherstone Estates will need to get their own water allocation. The new administration will need to present a new plan will have to be in place that includes new rates. Trustee Burgess stated the increase was put in place for infrastructure repairs. Discussions were held in the past regarding placing the $1.00 increase in a separate fund but that never happened. Trustee Williams-Baig asked Trustee Burgess to provide a plan before next week’s board meeting. Trustee Burgess stated he will not provide the plan. -**Promotion:** Chief Kowalski announced the promotion of Detective Robert Grossman to the position of Sergeant. Det. Grossman is a 19-year veteran with the department and has been a key person in the success of many high profile investigations. He is an essential member of the South Suburban Major Crimes Task Force and very well respected among his peers in the law enforcement community. Det. Grossman was recently ranked as the number one officer on the current Sergeants eligibility list and number one on the previously expired list. Det. Grossmans promotion fills an open position and a void within the department's investigative division. Chief Kowalski stated it was a distinct pleasure to be part of this well-deserved promotion.

Village Clerk Williams gave the oath of office to Robert Grossman.

Village Clerk Marva Campbell-Pruitt
CALL TO ORDER
Mayor Derrick Burgess called the meeting of the Committee of the Whole to order at 7:00 p.m.

On Roll Call, those present: Trustees Brewer, Grant, Jones, Tates,Todd and Zupon

Renewal and Authorization for Mayor to entertain Agreements with Kane McKenna & Associates for TIF Audits and General Consulting Services.

- Mayor Burgess presented two agreements for discussion concerning TIF audits and consulting services with Kane McKenna & Associates. After introducing the agreement and scope of the same, questions were entertained with subsequent responses by the Mayor.

- Trustee Zupon questioned if the two documents were one and the same Mayor Burgess stated that they were not, and that the second document was consultative and insures all work be in compliance.

- Trustee Grant asked if we usually use this company and how to break down the different rate structure? Mayor Burgess replied that this is the company used previously and that he has a preference to deal with the administrator or vice-president as that is the known contact and the rates are less.

- Mayor Burgess shared further that funds for payment comes from the TIF Fund and informed the trustees that, "We are trustees for the TIFs."

- Trustee Zupon stated that she, "wants it in writing that Mary is an officer and we pay at the rate stipulated." Meanwhile Trustee Grant requested a copy of the rates paid last year from Director Mohan.

- Trustee Brewer stated that this is an item for which they are uninformed. She asked to have an in-depth session on TIFs, construction and the number of full-time jobs provided, how much property and sales taxes are generated.

- Mayor Burgess informed that questions relative to full-time/part-time has never been asked, but was sure many are part-time employees and that we are not privy to that information, however they must report to the federal government. Trustee Brewer then asked why it is included in the literature? Mayor Burgess will inquire.
• Trustee Brewer asked if we are informed when the scope of their work changes.

• Mayor Burgess reported that his plan to look to increase TIF Meetings as they generally do not conduct them and advised that not to look for all of them to be in attendance. He stated that we have representation at meetings, and that we receive approximately $200,000.00 in service allotment annually.

• Mayor Burgess asked that this item be placed on the agenda for voting.

3. Discuss Ordinance amending Municipal Code 78-19 (Charges) of Article II (Water) of Chapter 78 (Utilities) of Village Code (Ordinance 17-005) (Amending the water rates)

There was a mix-up with the designation of Ordinance Numbers. After considerable discussion on the actual ordinance to review, discussion continued.

*Note new or amended ordinances and resolutions will not have a number until they have been voted on approved at a Board Meeting.

• Mayor Burgess referred to page 2 of the ordinance to bring back the water rate to $7.50 from $6.50. This amount will be placed on the agenda.

• Trustee Grant offered that the previous administration calculated and stated the loss of revenue because of lowering the rate and asked if we are continuing to anticipate that loss or if we could expect the original annual increase by raising the rate. Mayor Burgess advised that May, June and possible July 1st will be the months impacting the usual revenue to the water fund.

• Trustee Jones discussed the actual number on savings per household with the change of $1.00. He stated at minimum it would be $102.00 every 2 months and that it would not be that much of a difference.

• Trustee Grant asked, if the ordinance is approved, will we make certain that the funds will be put aside as intended? Mayor Burgess replied, it is already itemized and, added that Springfield must let go of the funds needed for the budget. He further shared how funds are received from the state. He spoke of how we can borrow the funds at 3% if we wish; and that we receive sales tax and some real estate funds.

• Trustee Zupon stated that we must set up another general ledger to direct funds specifically for infrastructure.

• Mayor Burgess agreed, but stated that right now we need funds to make payroll.

• Trustee Brewer shared that though we take the funds and the one dollar will help us...past practice has been to use the funds for payroll. Residents must know that we are using funds to supplement payroll. To which Trustee Zupon stated that the funds should not be used to pay bills and that we cannot continue to do what was done in the past.

• Any funds raised should be designated for infrastructure. Adding people to the payroll---we have cut fluff off the budget and services. However, must retain some to be efficient.

• Mayor Burgess asked that this item be placed on the upcoming meeting agenda.
4. Ordinance Amending Municipal Code 2-234 Appointments, term and vacancy (Village Treasurer)

- Mayor Burgess expressed the desire to bring back the position of Village Treasurer as the Finance Director has been filling that role in the absence of the treasurer.
- Trustee Zupon stated that as we never got rid of the position, there is no need to bring it back.
- Trustee Grant asked if the treasurer will be required to attend meetings and provide report? The answer is, Yes.
- *This ordinance need not be presented, rather an appointment by the Mayor is needed at the next Board Meeting.

5. Discuss Strategic Plan for Progress

- Mayor Burgess asked for questions concerning the Strategic Plan.
- Trustee Jones asked, “What are we voting on?”
- Trustee Zupon asked, “Why do we have to vote on it?”
- Mayor Burgess asked the trustees to review the goals as they are similar to a comprehensive plan and informed trustees that there would be a recommendation to vote on the plan after a period of review.
- Trustee Tates stated that it is a good idea to look at it and review, ask questions, determine if we wish to revise and update it to meet the needs of the Village.
- Trustee Zupon stated there are very specific items to execute, i.e. roads, etc., and asked how can you do so without a budget?
- Trustee Tates stated to review the document and vote it up or down.
- Trustee Zupon stated that the document is a guideline but it is not set in stone and should be a work in process if that is the case.
- Mayor Burgess stated that we can change the document as things will happen. He expressed that a guide is needed to direct how we will proceed and that the Board can add and detract from it.
- Trustee Brewer referred to Item C of the document on strong neighborhoods, stating, “there are not specific activities. It is very general.” Mayor Burgess stated that it goes in further detail later and provides a blueprint. It has a plan. Trustee Brewer stated that it is, “A Great plan, No money.”
- Mayor Burgess spoke of volunteers and encouraged diversity and cooperation. He shared that Chief Kowalski has a plan for a program he wishes us to adopt. Perhaps we should wait to hear his vision. It was suggested to ask him at the next board meeting his projected plan.
• Mayor Burgess made an appeal and challenged the Board to make a difference and to show that we are working together and have met some of the goals.

• Trustee Todd agreed, but asked for the Comprehensive Plan from 1999. She stated further that the document sounds like campaign literature, and that it needs to be changed from the Burgess Plan to the Village Plan.

• Trustee Zupon suggests taking the years off and replace them with phases!

6. Discuss Financial Policies and Procedures

• Mayor Burgess asked that this document be reviewed and for Trustees to make recommendations for change as we need a policy and procedures in place.

• Trustee Grant stated that he will provide his feedback and suggested that Mohan and the new treasurer review and provide feedback as well. He stated that many items in the policy have been approved through ordinances, but there are others in need of ordinance review.

• An item on page 4 was discussed concerning reference of the budget officer as usually it is finance director. This is redundant.

7. Review & Discuss Language of Ordinance 17-006

• There was discussion on the existing ordinance referencing Honorary Designations. Trustee Tates asked that it be revisited because of some of the items being requested.

• Trustee Tates spoke of some of the tenets of the existing ordinance and how the violation of Ordinance Book 2-72 speaking towards, “voting on something one has direct interest and could benefit.” He spoke of double-standards and questioned the number of signatures required.

• Trustee Zupon asked, “where do we want to go with it?” She would like to see it rewritten.

• In summary, the Board wishes to repeal the ordinance. It was agreed the Ordinance Committee would review and present recommendations. Trustee Todd stated that there was a policy from years ago,

8. Item Purchases for Village Hall – Trustee Tates led this discussion.

• He discussed the broken wings and other areas of need for our flags. He wishes to have flags depicting all branches of the military. He has priced out the cost of the flags and asked for consideration to make the purchases by Veteran’s Day.

• Trustee Zupon asked, "Why five embassy sets, when are we talking about the budget?"

• This item will be explored further

Mayor Burgess advised that this ordinance discusses Parlors and the differences between the various types of licenses. Questions asked included: How much revenue is generated; how do we regulate age related restrictions and how the R3 impact other establishments? It was agreed that additional research is
needed. Mayor Burgess stated that it only applies to gaming locations! This item will be placed on the agenda.

He stated that effort would be made to take care of those pipes that go underground while this project is conducted and that it is too late to change the scope of this project. NEW BUSINESS
Mayor Burgess asked for a motion to Approve Accounts Payable and Disbursements in the Amount of $318,424.58. Trustee Grant moved and Trustee Jones seconded the motion.

Discussion: Trustee Brewer had many questions, requests and comments:

Regarding H.R. and the Owens Group, she stated, Dr. Straughter is listed twice, as well as the Owens Group. Trustee Brewer asked about the hourly rate and how long she is supposed to be on site? Trustee Brewer requested that she be taken off the Accounts Payable until the matter is resolved.

Mayor Burgess explained the process for the billing from the Owens Group. He explained that the funds are in the budget and that she works with various departments therefore funds come from various line items. He further stated that negotiations are forthcoming with the Police Department and H.R. is making ready. The Mayor informed the Board that attorneys are generally paid $165.00 an hour. Now we are paying Dr. Straughter $85.00 an hour.

Trustee Brewer questioned/commented on additional items of the Accounts Payable. Her concerns:
• The Economic Director’s expense report, and when he started getting reimbursed;
• William Marlow and Popeyes, as notice for immediate checks was not noted;

• Invoices for Republic Services to determine how we owe the amount stated, as she think we are being overcharged as the company is not adjusting the bill monthly. She stated
that people move in and out of the Village, thus the amounts should change. She reiterated the desire to look at the invoices.

Mayor Burgess offered explanations by stating:
- Mr. Marlow could not wait for the next board meeting for a refund owed him;
- The new contract with Republic raised revenue for fourteen (14) years. Entering into that contract held harmless the Village and it would not have to pay the $389,000. If we do not pay within 90 days, that $389,000 becomes due. It would be costly to revise the contract; and
- Popeyes requested payment for the Veteran’s Day event and that we did not have a meeting after that event, so was only right to pay them.

On Roll Call, the following voted:
Ayes: Trustees Grant, Jones, Todd, Zupon
Nays: Trustee Brewer
Absent: Trustee Tates
