**Joseph Wiszowaty - Village Administrator**

- **Re-development & Incentive Agreement with Dardur Medical Inc. - Village Attorney David Silverman, Ancel Glink, advised that he had been negotiating with Dardur Real Estate for the proposed Dardur Medical Development. He reported that an RDA was re-drafted to respond to the concerns raised by the Attorney Counsel and Board of Trustees. He provided the deliverables required from the investor and stipulated the timelines. Atty. further avowed:**
  - An Escrow Agent would be engaged
  - The Village, if desired, could provide a Quick Claim Deed
  - Provisions were to be in place if the project was not carried through
  - There would be limitations placed on the developers
  - Proceeds totaling 95% will go to the Village if the project fails
  - A summary of each of the nineteen Sections of the Agreement
The Exhibits noted would primarily come from the developer and would be in the final document.
The contract requirements must go before the Board of Trustees for approval.

There were only a few questions/concerns, but some of note:
- The timeframe to complete all phases of the re-development. (It would likely be ten years) This may require greater clarification.
- There was a concern about project completion and services and if the Village was protected against "flipping" types of businesses. (All zoning and agreements were required. If not produced, the Village would get back the property)

Attorney Silverman noted that an Ordinance without the exhibits could be placed on the Board Agenda pending the delivery of the necessary exhibits. Therefore, the ordinance would not be effective until all components are in place.

This item would advance to the next board meeting agenda for adoption consideration.

**MOU with Northwest Indiana Regional Planning Commission (NIRPC) for Partial Reimbursement for the Old Plank Road Trail Extension Feasibility Study**

Dir. Wiszowaty spoke on this topic, citing the MOU's justification based upon grant funding from NWI, who would pay the Village's match amount for $50,000. Trustees sought reassurance that the needed bills would be paid and the process. The contractors would submit.

Two Whereas Statements that alluded to the amount listed as "up to" means that the stated amount would not be exceeded.

This item would advance to the next board meeting agenda for adoption consideration.

**Antonio Cooper- Community Development Director**

**Memorandum of Understanding with Maki Aki Sauk Trail, LLC**

Sasa Kostich discussed two properties

1. The desired MOU between that organization and the Village for the 1345 Sauk Trail location, on the north side of the street. He expressed the intent to lease the property for truck parking and maintenance. He further stated based upon questions and concerns:
   - The south side of the street would be used for truck parking for 2-3 days at a time. The Northside of the street would be used for parking and maintenance.
There would be no third-party involvement, only for the lessee
There would be no selling of vehicles
There would be no more than five to ten trucks daily and would not add to the traffic congestion. Instead, trucks would potentially be parked on location on major holidays.
Village residents would be given preference for employment.
Mr. Kostich requested two licenses for truck parking at both sites. In addition, there will be a prorated cost back to October 1, 2021, when the leasing organization started.

This item would advance to the next board meeting agenda for adoption consideration.
