1. Introduction:
The Village of Sauk Village (the “Village”) is seeking either a single or multiple contractors for lawn mowing services, and hereby requests a written proposal for contractors to perform nuisance lawn mowing abatements at residential properties as specified by the Village. The abatement includes the mowing of grass and weeds which can exceed 8 inches in height. Abatement requests will be on a per site authorization basis from the Village.

2. Requested Services
The Village has determined which homes will be maintained as part of an award for a grant the Village has received. The successful bidder will abate long grasses, weeds or vegetation which, in some cases, may exceed 8 inches in height on average. The Village desires for a contractor to supply mowing services for properties which fail to be mowed by the property owner after a notice of violation has been documented by the Village. Approximately 112 properties have been selected for grass, weeds and vegetation maintenance in 2018.

The selected contractor will be responsible to provide mowing services to the Village for properties requested by the Village for the growing season with the opportunity to extend the contract based upon performance.

3. Description of the work to be performed
The work includes mowing of all established grasses and vegetation (excluding shrubs, trees, heavily wooded areas, and reasonably maintained garden areas) at property(s) requested by the Village. Each property will be identified by address and parcel ID number with any exceptional circumstances noted.

Job Expectations:
- Contractor is to make a due diligence documentation on each homesite including photographs providing the address and PIN for each property. The contractor is to document the existing conditions of each home with respect to the grass, weeds and vegetation.
- The contractor will be expected to complete all jobs within 4 days as scheduled- weather permitting.
- The contractor must be able to receive and send electronic-mail.
- The contractor’s invoices will give a detailed description of each location (address and/or parcel number), dates and time work was performed rounded to the quarter hour in an itemized categorization of charges incurred within 15 days of performing the service. Additionally, the contractor must provide photographic documentation on each home before and after services have been rendered each time.
- Village reserves the right to withhold payment on all unauthorized, unacceptable and/or work which was not performed pursuant to the Village’s verification.

• Be capable of mowing ungraded lots or steep slopes.
• Identify possible hazards including garbage, debris, and miscellaneous junk that may be present in grass.
• Mow vegetation in and around structures (example: swing set), walks, trees, fences to a neat appearance with grass height of 3.5 inches or less.
• Be capable of getting equipment through fence openings of a minimum of 30 inches to mow rear yards.
• Remove all trash and debris in the mowing area shall and properly disposed.
• Clear sidewalks, roadways, alley ways or adjacent public right of ways of clippings following mowing.
• Post Notifications (See Exhibit G) on each property.

4. Contract Termination:
The Village may, by written notice, and at any time, suspend or terminate the agreement if, in the judgment of the Village, the contractor has failed to comply with the terms of the agreement or if grant funds have been exhausted, delayed or suspended. In the event of such termination or suspension, the contractor shall be entitled to payment for work performed through the date notice is delivered to Contractor. No sums shall be owed to the contractor for work performed after such notice is delivered.

Contractor acknowledges that this agreement is contingent upon sufficient budget allotments, and is subject, by written notice to Contractor, to restriction or cancellation if budget adjustments are deemed necessary by the Village Trustees. In the event the contract is terminated due to such budget restructuring, Contractor shall be entitled to payment for work performed through the date notice is delivered to Contractor.

5. Qualifications and Proposals:
The Village request that contractors interested in submitting proposals:

I. Please provide detail of the services described in the Proposal specification section of the RFP for the 2018 growing season:

a. a rate to abate an average residential property 60’ x 110’;
b. a rate for properties that may exceed grass height of 3 feet.

All prices are to be per cut.

II. Provide a certificate of liability insurance and automobile/mowing equipment insurance. (The contractor(s) will need to name the Village has additional insured and meets the following liability limits if awarded a contract: $500,000 per claimant and $1 million per occurrence). The Village must be allowed to be added as an “additional insured” upon successful bid and acceptance with bidder’s insurance.

III. Submit a written summary of their company’s qualifications, years in business, and experience providing the level and type of service specified in the RFP.
IV. Provide a list of three references of clients that have a current contract for services with their company.

6. Term of Contract:
The term of the contract shall run for five (5) months from May 1, 2018, thru October 1, 2018. There is a possibility of an additional one-year extension that would include May 1, 2019 thru October 1, 2019. The Village has the right to extend the contract to a two-year contract without going back to RFP with the awarded contractor. This is subject to additional funding through a successful Grant procurement.

7. Payments:
Payments will be made upon submittal of separate invoices on a per lot/property basis with all supporting documentation to satisfy the grant requirements. Including post-mowing property inspection check list and copy of photograph of each property mowed. Invoices must be received by the Village for payment to be processed in a thirty-day (30) day increment (monthly). Payments will be processed within 30 to 45 days of submission of invoices after each mowing.

8. Selection Process:
The Village reserves the right to reject all proposals and the right to reject a proposal which is in any way incomplete or irregular. The Village may award all mowing services to one contractor or may divide and award contractors to more than one contractor, however, the same contractors will not be assigned to the same properties. Proposals will be awarded to the best overall proposal/s/ as determined by the best interests of the Village. In comparing the responses to the RFP and making awards, the Village may consider such factors as quality and thoroughness of a proposal, and past performance of the contractor.

Preference will be given to those contractors providing demonstrated capability and experience in addition to that of the proposal price. The Village reserves the right to award the contract to a contractor who is not the lowest cost; however, cost is a crucial factor in the selection of a contractor.

9. General Requirements:
Two copies of a written response to this request for proposal must be submitted or delivered to the Village of Sauk Village on or before 4:00pm, Monday, April 23, 2018.
