The Bonds are to be issued in fully registered form in the denomination of $5,000 (principal amount) or integral multiples thereof (but no single Bond shall represent installments of principal maturing on more than one date), and the Bonds shall be numbered in such reasonable fashion as may be selected by the Bond Registrar. The Bonds shall bear interest from their dated date or from the most recent interest payment date to which interest has been paid or duly provided for, until the principal amount of the Bonds is paid, at rates per annum not exceeding 9%, such interest (computed upon the basis of a 360-day year of twelve 30-day months) being payable on February 1 and August 1 of each year, commencing on February 1, 2011.

The Bonds of each series shall mature (unless subject to mandatory redemption, as provided in the Bond Determination) on February 1 of such years and in such amounts as shall be set forth in the Bond Determination executed pursuant to this Ordinance, and shall bear interest at such rates per annum or be priced to yield at such rates as shall be set forth in the Bond Determination executed pursuant to this Ordinance.

The Bonds shall be signed by the manual or facsimile signature of the Village Mayor, and shall be attested by the manual or facsimile signature of the Village Clerk, and the seal of the Village shall be affixed thereto or printed thereon, and in case any officer whose signature shall appear on any Bonds shall cease to be such officer before the delivery of such Bonds, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until delivery.
All Bonds shall have thereon a certificate of authentication substantially in the form hereinafter set forth duly executed by the Bond Registrar as authenticating agent of the Village for the Bonds and showing the date of authentication. None of the Bonds shall be valid or obligatory for any purpose or be entitled to any security or benefit under this Ordinance unless and until such certificate of authentication shall have been duly executed by the Bond Registrar by manual signature, and such certificate of authentication upon any of the Bonds shall be conclusive evidence that it has been authenticated and delivered under this Ordinance. The certificate of authentication on any of the Bonds shall be deemed to have been executed by the Bond Registrar if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds issued hereunder.

ARTICLE IV

Global Form; Securities Depository

It is intended that the Bonds be registered so as to participate in a securities depository system with the Depository Trust Company ("DTC"), as set forth herein. The Bonds shall be initially issued in the form of a single fully registered Bond for each of the maturities established in the Bond Determination. Upon initial issuance, the ownership of each series of the Bonds shall be registered in the name of Cede & Co., or any successor thereto, as nominee for DTC. The Village and the Paying Agent are authorized to execute and deliver such letters to or agreements with DTC as shall be necessary to effectuate the securities depository system of DTC, including the Blanket Letter of Representation (the "Letter of Representation") in standard form. With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the Village, the Bond Registrar and the Paying Agent shall have no responsibility or obligation to any broker-
dealer, bank or other financial institution for which DTC holds the Bonds from time to time as securities depository (each such broker-dealer, bank or other financial institution being referred to herein as a “Depository Participant”) or to any person on behalf of whom such a Depository Participant holds an interest in any of the Bonds (each such person being herein referred to as an “Indirect Participant”). Without limiting the immediately preceding sentence, the Village, the Bond Registrar and the Paying Agent shall have no responsibility or obligation with respect to (a) the accuracy of the records of DTC, Cede & Co., or any Depository Participant with respect to the ownership interest in the Bonds, (b) the delivery to any Depository Participant or any Indirect Participant or any other person, other than a registered owner of any of the Bonds, of any notice with respect to the Bonds, including any notice of redemption, or (c) the payment to any Depository Participant or Indirect Participant or any other person, other than a registered owner of any of the Bonds, of any amount with respect to principal of, premium, if any, or interest on, the Bonds. While in the securities depository system of DTC, no person other than Cede & Co., or any successor thereto, as nominee for DTC, shall receive a Bond Certificate with respect to any of the Bonds. Upon delivery by DTC to the Paying Agent of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions of this Ordinance with respect to the payment of interest by the mailing of checks or drafts to the registered owners of Bonds at the close of business on the record date applicable to any interest payment date, the name “Cede & Co.” in this Ordinance shall refer to such new nominee of DTC.

In the event that (a) the Paying Agent determines that DTC is incapable of discharging its responsibilities described herein and in the Letter of Representation, (b) the Letter of Representation shall be terminated for any reason, or (c) the Village determines that it is in the
best interests of the beneficial owners of the Bonds that they be able to obtain certificated Bonds, the Village shall notify DTC of the availability through DTC of Bond certificates and the Bonds shall no longer be restricted to being registered in the name of Cede & Co., as nominee of DTC. At that time, the Village may determine that the Bonds shall be registered in the name of and deposited with a successor depository operating a securities depository system, as may be acceptable to the Village or such depository’s agent or designee, and if the Village does not select such alternate securities depository system then the Bonds may be registered in whatever name or names registered owners of the Bonds transferring or exchanging the Bonds shall designate, in accordance with the provisions hereof.

Notwithstanding any other provisions of this Ordinance to the contrary, so long as any of the Bonds is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on Bonds and all notices with respect to the Bonds shall be made and given, respectively, in the manner provided in the Letter of Representation.

ARTICLE V
Transfer, Exchange and Registry

The Bonds shall be negotiable, subject to the provisions for registration of transfer contained herein. Each of the Bonds shall be transferable only upon the registration books maintained by the Village for that purpose at the principal corporate trust office of the Bond Registrar, by the registered owner thereof in person or by his attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer satisfactory to the Bond Registrar and duly executed by the registered owner or his duly authorized attorney. Upon the surrender for transfer of any such Bond, the Village shall execute, and the Bond Registrar shall
authenticate and deliver, a new Bond registered in the name of the transferee, of the same aggregate principal amount, maturity and interest rate as the surrendered Bond. Bonds, upon surrender thereof at the principal corporate trust office of the Bond Registrar, with a written instrument satisfactory to the Bond Registrar, duly executed by the registered owner or his attorney duly authorized in writing, may be exchanged for an equal aggregate principal amount of Bonds, respectively, of the same maturity and interest rate and of the denominations of $5,000 or any integral multiple thereof.

For every such exchange or registration of transfer of Bonds, the Village or the Bond Registrar may make a charge sufficient to reimburse it for any tax, fee or other governmental charge required to be paid with respect to such exchange or transfer, which sum or sums shall be paid by the person requesting such exchange or transfer as a condition precedent to the exercise of the privilege of making such exchange or transfer. No other charge shall be made for the privilege of making such transfer or exchange. The provisions of the Illinois Bond Replacement Act shall govern the replacement of lost, destroyed or defaced Bonds.

The Village and the Bond Registrar may deem and treat the person in whose name any Bond shall be registered upon the registration books as the absolute owner of such Bond, whether such Bond shall be overdue or not, for the purpose of receiving payment of, or on account of, the principal of, premium, if any, or interest thereon and for all other purposes whatsoever, and all such payments so made to any such registered owner or upon his order shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid, and neither the Village nor the Bond Registrar shall be affected by any notice to the contrary.
The Bond Registrar shall not be required to transfer or exchange any Bond during the period beginning at the close of business on the 15th day of the month next preceding any interest payment date on such Bond and ending on such interest payment date nor to transfer or exchange any Bond after notice calling such Bond for redemption has been mailed, nor during a period of fifteen (15) days next preceding mailing of a notice of redemption of any Bond.

The Village covenants with the holders of the Bonds, from time to time outstanding that it: (i) will take all actions which are necessary to be taken (and avoid any actions which it is necessary to avoid taking) so that interest on the Bonds will not be or become included in gross income for federal income tax purposes under existing law including, without limitation, the Code; (ii) will take all actions reasonably within its power to take which are necessary to be taken (and avoid taking any actions which are reasonably within its power to avoid taking and which it is necessary to avoid) so that interest on the Bonds will not be or become included in gross income for federal income tax purposes under the federal income tax laws as in effect from
time to time; and (iii) will take no action in the investment of the proceeds of the Bonds, the Working Cash Fund or any other fund of the Village which would result in making interest on the Bonds subject to federal income taxes by reason of causing the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code. In furtherance of the foregoing provisions, but without limiting their generality, the Village agrees: (i) through its officers, to make such further specific covenants, certifications and representations as shall be truthful, and assurances as may be necessary or advisable; (ii) to comply with all representations, covenants and assurances contained in certificates or agreements as may be prepared by counsel approving the Bonds; (iii) to consult with such counsel and to comply with such advice as may be given; (iv) to file such forms, statements and supporting documents as may be required and in a timely manner; and (v) if deemed necessary or advisable by its officers, to employ and pay fiscal agents, financial advisors, attorneys and other persons to assist the Village in such compliance.

ARTICLE XX

Registered Form

RE: 2009 MFT/CDBG Resurfacing Change Order Recommendation

Dear Ms. Hill-Corley:

Attached is a copy of IDOT’s approval of “The Request for Approval of Change in Plans No. 1” for the 2009 MFT/CDBG resurfacing project. The actual constructed quantities came in under our original estimates, which resulted in an overall deduction from the approved contract amount. Therefore, we recommended that Sauk Village accept this deduction, which saved the Village MFT funds that can be utilized in future projects. The Mayor accepted this credit per his signature on the request for change order form dated December 8, 2009.

TYPICAL OPERATION WITHIN GROUP

I
Non-engineering items; materials or services purchased without a proposal; i.e. electrical energy and expendable small tools.

II
Routine day labor maintenance items, i.e. street sweeping, tree trimming or removal, mowing, ice and snow control, cleaning ditches, brush removal, traffic signal maintenance, lighting maintenance and purchases by a proposal of materials not directly incorporated into the work. Items requiring minimum preliminary engineering and no engineering inspection.

III
Day labor maintenance items requiring material proposal. Items furnished and spread or delivered to jobsite by material suppliers. Items requiring preliminary engineering and/or engineering inspection.

IV
Contract maintenance items performed by contractors. Items requiring preliminary engineering and/or engineering inspection.

Notes:

(1) The negotiated fee shall not exceed the acceptable fee percentage for each group and shall be negotiated based on the level of complexity involved.

(2) PRELIMINARY ENGINEERING: The negotiated fee for each group shall be applied to the total estimated costs of those items in that group (excluding engineering cost).

(3) ENGINEERING INSPECTION: To compute the estimated cost, the negotiated fee for each group shall be applied to the total estimated cost of those items in that group to be inspected. The actual fee paid shall be based on the final costs of those items in that group given field inspection by the Engineer.

(4) Payment for maintenance engineering may be arranged:
   - (a) On the basis of base fees plus percentage fees not to exceed the fees listed, or
   - (b) On the basis of the actual cost of services plus a specified percentage for overhead, or
   - (c) On the basis of a lump sum fee.

   * If method (b) or (c) is employed, the total engineering cost shall not be greater than the amount determined under method (a).

(5) Ten percent of the total fee is to be withheld until such time as the expenditure statement is submitted and the final cost of inspected items is known.

(6) Each maintenance operation shown on the "Estimate of Maintenance Costs" shall show the applicable engineering Group (I to IV) for which the operation applies.

(7) Base fee applies only to preliminary engineering.
The services to be performed by the engineer, pertaining to the various items of work included in the estimated cost of maintenance operations (BLR 14231 or 14221), shall consist of the following:

PRELIMINARY ENGINEERING shall include:
Investigation of the condition of the streets or highways for determination (in consultation with the local highway authority) of the maintenance operations to be included in the maintenance program; preparation of the maintenance resolution, estimate and proposal; attendance at meetings of the governing body as may reasonably be required; attendance at public letting; preparation of the contract or acceptance of proposal forms; and the preparation of the maintenance expenditure statement within 3 months.

ENGINEERING INSPECTION shall include:
Furnishing the engineering field inspection (including preparation of payment estimates, material testing and/or checking material invoices) of those maintenance operations requiring professional on-site inspection, as opposed to those ordinary operations such as street sweeping, snow removal, tree trimming, crack filling, cleaning ditches and culverts, etc., which typically require no professional inspection.

For furnishing preliminary engineering, the engineer will be paid a base fee PLUS a negotiated fee percentage. For furnishing engineering inspection the engineer will be paid a negotiated fee percentage. The negotiated preliminary engineering fee percentage for each group shown in the "Schedule of Fees" shall be applied to the total estimated costs of that group. The negotiated fee for engineering inspection for each group shall be applied to the total final cost of that group for the items which required engineering. (See reverse side for additional instructions). In no case shall this be construed to include supervision of contractor operations.

    ALBERT PRITCHETT, CHAIRMAN

DATED ____________________

MUNICIPAL AGENCY         Sauk Village

BY: _______________________

TITLE: Mayor

DATED: 3/31/10
SECTION 1 - INTENT

The purpose of the Surcharge Reallocation Program is to provide assistance to Public Safety agency users who are a part of the ETSB 9-1-1 system in maintaining and delivering high quality 9-1-1 emergency services. The Cook County Emergency Telephone System Board (ETSB) recognizes that Municipal Agencies and Fire Protection Districts that are a part of the ETSB system may require additions or enhancements to their communications centers in order to provide 9-1-1 related services to their respective communities. The ETSB has approved the funding of the Surcharge Reallocation Program to assist its participants in providing a dependable and efficient emergency telephone system.

SECTION 2 - ELIGIBILITY

To be eligible to receive surcharge reallocation the agency shall meet all of the following criteria:

1) The agency must regularly receive 9-1-1 telephone call transfers from the Cook County Sheriff’s Police Communications Center. These 9-1-1 telephone call transfers shall not be infrequent nor the result of emergency conditions.

2) The agency must have a communication center that dispatches police and/or fire and emergency medical services responders within the jurisdictional boundaries of the ETSB.

3) The agency must have residents that both reside within the jurisdictional boundaries of the ETSB and pay the ETSB 9-1-1 surcharge.

4) The agency must have hardwire 9-1-1 access lines within the jurisdictional boundaries of the ETSB.

Those agencies that dispatch for 9-1-1 systems that are not a part of the ETSB system shall not be eligible.

SECTION 3 - AVAILABILITY OF FUNDS

The total amount of 9-1-1 Surcharge Reallocation to be distributed shall be determined by the ETSB and is subject to availability of funding within the ETSB budget. The ETSB may terminate, expand or amend the Surcharge Reallocation Program at its discretion. Any 9-1-1 Surcharge Reallocation funds delivered to and not used by the recipient after one year, from the date of delivery, shall be returned to the ETSB. Funds not yet delivered to the recipient after one year following approval of the reallocation shall lapse.
SECTION 4 – BASIS OF DISTRIBUTION BY AGENCY

The total number of hardwire 9-1-1 access lines within the ETSB service area shall be determined by AT&T and provided to the ETSB. The corresponding Emergency Service Number (ESN) for each agency within the ETSB’s jurisdiction shall further break down the total AT&T access line count. The ETSB shall determine the amount of surcharge allocation per hardwire access line. The total amount of surcharge to be reallocated to an agency shall be determined by multiplying the number of hardwire access lines by the per access line amount approved by the ETSB. In areas where the same ESN serves more than one agency the approved surcharge reallocation amount per access line will be divided accordingly. The ETSB has established, as policy, that no agency shall receive less than $1,000.00, regardless of its access line count.

SECTION 5 - 9-1-1 SURCHARGE REALLOCATION FUNDING QUALIFYING EXPENDITURES

The use of the 9-1-1 Surcharge Reallocation shall be limited to those expenditures specifically identified within the scope of the Emergency Telephone System Act of Illinois; Illinois Compiled Statutes, Chapter 50, Section 750/15.4/C. The following list identifies examples of qualifying equipment and services. The list of examples is not intended to be all-inclusive.

- 9-1-1 Related Training
- Radio Equipment and Console Furniture
- Mobile Data Terminal
- Computer Hardware/Software used for Call Taking and/or Dispatching
- Office Equipment used for Call Taking and/or Dispatching
- Maintenance of Equipment used for Call Taking and/or Dispatching

SECTION 6 – AGENCY EXPENDITURE REPORT

Every agency granted the 9-1-1 Surcharge Reallocation shall file an expenditure report using the approved ETSB form (attached as Exhibit Three – Expenditure Audit Report) on or before December 1, 2009. The report shall itemize the expenditures made from the surcharge funds granted to the agency. In addition, proof of each purchase must be provided in the form of copies of paid invoices, or in the case of personnel services copies of payroll records, and should be attached to the expenditure report. The completed form shall be signed by the authorized fiscal agent for the agency and attested to by the Mayor, President, or other Presiding Officer of the agency.
SECTION 7 - ETSB RIGHT TO AUDIT

The ETSB, or its designee, shall have the authority to audit services, equipment or materials purchased through the 9-1-1 Surcharge Reallocation Program to ensure that said services, equipment or materials are being used in accordance with the Emergency Telephone System Act and the 9-1-1 Surcharge Reallocation Program Guidelines. This audit authority shall remain in effect for the life of the service, equipment or materials purchased through the 9-1-1 Surcharge Reallocation. Should the ETSB determine that the service, equipment or materials are not being used in accordance with the Emergency Telephone System Act and the 9-1-1 Surcharge Reallocation Program Guidelines, then said service, equipment or materials shall be removed and returned to the ETSB, at the expense of the agency, or the agency shall refund the financial assistance received from the ETSB. The ETSB shall have sole discretion in determining which method of recovery shall be followed by the agency. The ETSB shall exercise whatever legal action it deems appropriate to recover any funds improperly used.

SECTION 8 - ETSB INDEMNIFICATION

Indemnification: The MUNICIPAL AGENCY hereby holds harmless the ETSB for any claims, losses, damages and liabilities whatsoever relative to actions by third parties as a result of this Surcharge Reallocation and/or the purchase of goods and services with the Surcharge Reallocation funds. MUNICIPAL AGENCY agrees to hold harmless and defend the ETSB, its staff and Board members, from and against any claims, losses, damages and liabilities, including costs, expenses, and attorney’s fees.

SECTION 9 - ETSB FORFEITURE

Any use of surcharge reallocation funds that is not in compliance with the intergovernmental agreement attached hereto, shall cause forfeiture of any unexpended reallocation funds and cause forfeiture of any future rights under this or any subsequent grant or surcharge reallocation program by the ETSB.

SECTION 10 - PROGRAM TERM

The term of the Agreement will take effect as of January 1, 2010 and continue through November 30, 2010.

THE VILLAGE OF SAUK VILLAGE

acting as an authorized agent of the Illinois Department of Human Services (hereafter IDHS) through Heartland Human Care Services, Inc ® its statewide lead agency.

3. The purpose of this Agreement is to establish rights and responsibilities of the parties.

4. The purposes of the Put Illinois to Work program are to foster economic recovery and put Illinoisans back to work earning income to support themselves and their families by subsidizing employment through September 30, 2010, to unemployed or underemployed parents of children and to youth aged 18 through 21 who otherwise meet the TANF eligibility requirements of IDHS.

5. Put Illinois to Work is funded by the State of Illinois and the Temporary Assistance for Needy Families (TANF) Emergency Contingency Fund (ECF). IDHS is the responsible state agency claiming the available American Recovery and Reinvestment Act funds and is the lead state agency responsible for the Put Illinois to Work initiative.

6. IDHS agrees to draw down and deliver the Federal ARRA funds to ensure trainee-worker(s) are paid on a regular payroll cycle.

7. Heartland Human Care Services, Inc. ® (hereafter HHCS) consistent with its contract with IDHS agrees to serve as the employer of record for purposes of Put Illinois to Work. HHCS will be responsible for the direction and control of the trainee-workers, including:
   a) Assignment of trainee-workers to appropriate worksites, and removal if necessary,
   b) Approval of the number of hours worked by trainee-worker,
   c) Payroll issuance to the trainee-worker,
   d) Workers Compensation Insurance, if applicable,
   e) Payroll taxes including the employer portion of Social Security taxes, and
   f) Reporting the trainee-worker’s income to the Internal Revenue Service.

8. HHCS as the employer of record will maintain I-9 records but will provide the employer with copies of said documents if requested.

9. HHCS or its authorized agent will provide documentation if appropriate for the trainee worker to be pre-qualified for the Work Opportunity Tax Credit should the employer choose to hire the trainee-worker.

10. HHCS agrees to ensure every trainee-employee has received a unique Payroll Visa card which every two weeks will be loaded with the earnings of the trainee-worker. At no time is the employer responsible for payroll. The employer and the trainee-worker will be provided with an 800 line and an email address should there be any payroll related problem.
11. In the event that the Illinois Department of Employment Security, or court, determines that Put Illinois to Work is not a work-relief program, employers would be responsible for any successful unemployment insurance benefit claims submitted by trainee-worker(s).

12. The employer agrees to provide job experience, skill acquisition and meaningful work to the trainee worker(s) that is relevant to jobs in the employer or in the sector. The employer is not being separately compensated for this service.

13. The employer agrees to mentor and supervise the trainee-worker(s) to ensure skill and experience acquisition adequate to pursue the employment. The employer is not being separately compensated for this service; it is the employer’s in-kind contribution to Put Illinois to Work.

14. The employer agrees to allow IDHS to count the employer’s supervision and training expenses toward the state’s Maintenance of Effort (MOE) requirement under the TANF program. The employer certifies that this supervision and training is being provided by staff that is funded by private funds or if funded solely by Non-Federal funds.

15. The employer agrees to prepare the timesheets in a customary businesslike fashion, ensuring accuracy as to the hours worked and to provide said timesheets for the trainee-worker(s) in a timely fashion to the designated lead agency to ensure payroll can be processed.

16. The employer agrees that the trainee-worker shall work at least 30 hours per week but not more than 40 hours per week and will document the hours accurately.

17. The employer shall provide the trainee-worker with any tools, equipment, safety gear or uniforms required to perform the work at the worksite.

18. The employer agrees to maintain and preserve the confidentiality of its trainee-worker(s) as it would of any employees. Furthermore, the employer agrees to refrain from providing the names of trainee-workers to media or other non-parties to this contract.

19. The employer affirms that if the worksite is subject to a collective bargaining agreement, the employ of trainee-workers under Put Illinois to Work in no way impairs the terms of the contract. Moreover, the employer affirms that the trainee-workers are not being employed as replacement workers during a labor dispute and that no employee has been displaced or had hours reduced to employ trainee-workers.

20. Employers shall abide by the following provisions throughout the Put Illinois to Work program:
   a) Employers cannot employ family members as part of the Put Illinois to Work program. Trainee-workers may not be related by blood or marriage to the Employer.

   e) Employers agree to comply with all applicable labor laws.
   f) Put Illinois to Work trainee-workers must not comprise more than 50% of the business' workforce at each worksite
   g) Employers will be expected to consider Put Illinois to Work trainee-workers for unsubsidized positions at the end the Put Illinois to Work program. However, providing unsubsidized employment for trainee-workers is not a requirement of the program.
   h)
21. HHCS and its authorized agents reserve the right to, in consultation with IDHS, terminate the relationship with any employer who fails to provide an appropriate work environment for Put Illinois to Work trainee-workers.

TERM
This Agreement shall become effective upon the date of execution by the Employer and HHCS or its authorized agent, and shall terminate on September 30, 2010. The employer assumes all responsibility for the trainee-worker as of October 1, 2010 if the employer keeps them employed at the worksite. This agreement for Put Illinois to Work can only be extended by written agreement of the lead agency or IDHS.

COOK COUNTY EMERGENCY COMMUNICATIONS INTEROPERABILITY PLAN

FACT SHEET

BACKGROUND

In the beginning of 2006, the U.S. Department of Homeland Security’s Urban Area Security Initiative (UASI) Working Group, The Office of the President of the Cook County Board of Commissioners, Cook County Sheriff’s Department, and the City of Chicago presented a plan to provide interoperable communications systems for First Responders throughout Cook County. The goal of this project is to establish an affordable, easy-to-use radio system that will ensure every municipality in Cook County can establish and maintain voice communication with neighboring jurisdictions during an emergency situation.

This collaborative initiative is near completion. The primary components that are now available for use and deployment by your municipality’s First Responders are as follows:

1.) Four Portable Radio units, two for police and two for fire, with mobile mounted chargers (including installation) that would be installed in first responder vehicles that you select. The radios would be in the field and tuned to the Interoperability call channel at all times, to be used in the event of an emergency requiring interoperable communications. These radios will also have select Cook County Sheriff’s Radio Channels, and the Starcom 21 channels, which allow for Statewide Interoperability.

2.) A command center mounted base station, or programming of the present ITTF base station), for communications on the channels described above.

COST

The initial cost to install the new County owned equipment in your four vehicles and base station, if required, will be covered by this initiative without charge to your Village. The equipment will remain titled to Cook County.

However, the annual shared radio network maintenance fee for each radio will be $240.00. If you have four portables and one base station the total annual fee will be $1,200.00 per year. During the initial years of this project, we may obtain funding that may reduce this fee, if received; we will reduce the fee accordingly.
INTERGOVERNMENTAL AGREEMENT
PUBLIC SAFETY INTEROPERABLE COMMUNICATIONS RADIO LOAN

This INTERGOVERNMENTAL AGREEMENT (the "Agreement") is entered into as of May 25th, 2009 (the "Effective Date") by and between the County of Cook (the "County"), a public body corporate of the State and home rule unit of government under Article VII, Section 6(a) of the 1970 Constitution of the State of Illinois, on behalf of the Cook County Sheriff, ("Sheriff"), and Sauk Village (the "Recipient"), a unit of local government of the State of Illinois.

RECITALS:

WHEREAS, the County and Recipient are part of a regional collaboration to enhance interoperable public safety communications capabilities throughout Cook County; and

WHEREAS, the Illinois Emergency Management Agency ("TEMA") has received various grant funds from the U.S. Department of Homeland Security, to support interoperable communications projects within the State; and

WHEREAS, in 2007, the IEMA awarded grant funding to the County to accomplish certain projects, including: (1) Upgrading the County’s digital trunked radio system ("Digital Trunked System") to be P25 standard compliant (including the connection of County and municipal radios to the State of Illinois' StarCom 21 system, thereby allowing state-wide communication) and (2) Providing links from the County’s Digital Trunked System to achieve interoperability with radio systems belonging to participating entities such as Recipient; and

WHEREAS, the County and Recipient believe that the goal of enhancing interoperable public safety communications capabilities within Cook County would be served by the loan by the County to Recipient of certain portable radios belonging to the County for the use of Recipient's public safety agencies, including, but not limited to, its police and fire departments on the terms more fully described herein; and

WHEREAS, Article VII, Section 10 of the Constitution of the State of Illinois authorizes and encourages units of local government to contract or otherwise associate among themselves to obtain or share services and to exercise, combine or transfer any power or function.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, the parties hereto hereby agree as follows:

BENEFITS OF IMLRMA LOSS CONTROL SERVICES

One area where municipalities can save money is by reducing the frequency or severity of their claims. Higher loss history, whether due to frequency or severity, results in higher costs. In addition to the direct monetary costs, accidents and claims result in indirect and hidden costs such as lost time and productivity, decreased employee morale, increased employee turnover, diversion of resources, and diminished public trust.

During an economic downturn, it is not uncommon for municipalities to experience increases in claims. Although risk financing can help municipalities pay for losses, relying on claim payments is no substitute for developing and implementing loss control techniques. Loss payments do nothing to prevent losses from occurring. The least costly accident or claim in terms of time, money, and morale is the one that never happens, so every loss that is avoided saves money.

Benefits of an Effective Loss Control Program

The primary purpose of a loss control program is to help a municipality prevent losses and to minimize the cost of losses that occur. Due to unique exposures like police officers, fire fighters, and water treatment plants, municipalities face many distinct loss control challenges. All municipalities, regardless of size, can strengthen safety and loss control programs to protect lives, control costs, and safeguard assets.

Effective loss control efforts do not have to be complicated, time consuming, or expensive. Often there are no-cost or low-cost options that provide all the protection needed. Solutions may include buying proper equipment or adjusting workstations, or be as simple as teaching proper lifting techniques to prevent back injuries. Even starting small can help. Programs can evolve as time, resources, and priorities dictate.

An effective loss control program is an investment that will return money to a municipality. Money that is not spent paying for losses can be used more productively— to the benefit of all. The potential value of an effective loss control program sends a message to a municipality's citizens that the administration is determined to protect its citizens as well as the assets and property of the community.

Benefits of the IMLRMA's Loss Control Services

The IMLRMA is focused on controlling costs through loss prevention and training. Our dedicated team of loss control representatives is available to help members identify, eliminate, and reduce their risks and exposures.

As part of the annual contribution, IMLRMA members receive the added value of our loss control services without paying extra fees or excessive costs.

At IMLRMA, we understand that the best long-term strategy for reducing IMLRMA contributions is to prevent accidents and losses from occurring. This demands the kind of creative, effective loss control strategies that IMLRMA loss control representatives can deliver.

Excellent loss control begins with representatives that are knowledgeable about the unique risks faced by municipalities. Our loss control representatives have a combined total of 34 years of experience providing loss control services for IMLRMA members and an additional 35 years of experience as risk managers for Illinois municipalities. IMLRMA loss control representatives are committed to delivering quality and timely loss control services by working closely with municipal officials and employees throughout the process.

The employee, with or without a Council representative, may take up a grievance with the employee’s immediate supervisor within ten (10) business days (Monday - Friday, excluding holidays) of its occurrence, or circumstances giving rise to a grievance, or when first known, or through reasonable diligence should have been known by the grievant. If a grievance is settled as a result of such meeting, the settlement shall be reduced to writing and signed by the parties. 2. The scope of the hearing shall be at the sole discretion of the arbitrator. The hearing shall only be open to all parties in interest.

3. The arbitrator shall issue his/her decision not later than thirty (30) calendar days from the date of the closing of any hearing.

4. The decision of the arbitrator shall be in writing and shall set forth the findings of fact, reasoning and conclusions of the issues submitted.

5. The decision of the arbitrator shall be binding to the parties concerned in the grievance. The arbitrator will be without the power or authority to make any decision which requires the commission of an act prohibited by law or which is contrary to, inconsistent with, or modifies or varies the terms of this Agreement.

6. The cost of the arbitration shall be borne equally by the Council and the Employer.

7. If the arbitrator calls for meetings or hearings, and these meetings cannot be held during the normal working hours of the grievied employee, then no additional compensation or overtime payment shall be made by the Employer to either the grievied employee, witnesses, or representatives of the Council.

8. The arbitrator may interpret the Agreement but shall have no right to ignore, add to, take from, or modify any of the provisions of this Agreement.

In such event, upon the request of either party, the parties shall meet and negotiate with respect to substitute provisions for those provisions rendered or declared unlawful, invalid or unenforceable.

ARTICLE XXVI

EMPLOYEE TESTING

Section 26.1: Statement of Policy

It is the policy of the Village of Sauk Village that the public has the reasonable right to expect persons employed by the Village of Sauk Village to be free from the effects of drugs and alcohol. The Village of Sauk Village, as the Employer, has the right to expect its employees to report for work fit and able for duty. The purpose of this policy shall be achieved in such manner as not to violate any established right of the employee.

Section 26.2: Prohibitions

Employees shall be prohibited from:

(a) consuming or possessing alcohol (unless in accordance with duty requirements) or illegal drugs at anytime during the day or anywhere on any Village premises or job sites, including all Village buildings, properties, vehicles, and the employee’s personal vehicle while engaged in Village business;
(b) illegally selling, purchasing or delivering any illegal drug during the work day or on the Employer’s premises;

(c) being under the influence of alcohol or illegal drugs during the course of the work day;

(d) failing to report to their supervisor any known adverse side effects of medication or prescription drugs which they are taking.

Section 26.3: Drug and Alcohol Testing Permitted

Where the Village of Sauk Village has reasonable suspicion to believe that an employee is then under the influence of alcohol or illegal drugs during the course of the work day, the Village of Sauk Village shall have the right to require the employee to submit to alcohol or drug testing as set forth in this Agreement and policy. There shall be no random testing of employees, except random testing of an individual employee as authorized in Section 8 below. The foregoing shall not limit the right of the Village of Sauk Village to conduct tests as it may deem appropriate for persons seeking employment with the Village prior to their date of hire.

Section 26.4: Order to Submit to Testing

At the time an employee is ordered to submit to testing authorized by this policy, the Village of Sauk Village shall provide the employee with a notice of the order, setting forth all of the objective facts and reasonable inferences drawn from those facts which have formed the basis of the order to test. The employee shall be permitted to consult with legal counsel at the time the order is given. No questioning of the employee shall be conducted without first affording the right to legal counsel. Refusal to submit to such testing may subject the employee to discipline, but the employee’s taking of the test shall not be construed as a waiver of any objection or rights that he/she may have.

Section 26.5: Tests to be Conducted

In conducting the testing authorized by this policy, the Village of Sauk Village shall:

(a) use only a clinical laboratory or hospital facility that is licensed pursuant to the Illinois Clinical Laboratory Act that has or is capable of being accredited by the Substance Abuse and Mental Health Services Administration (SAMHSA);

(b) insure that the laboratory or facility selected conforms to all SAMHSA standards;

(c) establish a chain of custody procedure for both the sample collection and testing that will insure the integrity of the identity of each sample and test
result. No employee covered by this policy shall be permitted at any time
to become a part of such chain of custody;

(d) collect a sufficient sample of the same bodily fluid or material from an
employee to allow for initial screening, a confirmatory test and a sufficient
amount to be set aside reserved for later testing if required by the
employee;

(e) collect samples in such a manner as to preserve the individual employee’s
right to privacy, insure a high degree of security for the sample and its
freedom from adulteration;

(f) confirm any sample that tests positive in the initial screening for drugs by
testing the second portion of the same sample by gas chromatography
mass spectrometry (GCMS) or an equivalent or better scientifically
accurate and accepted method that provides quantitative data about the
detected drug or drug metabolites;

(g) provide the employee tested with an opportunity to have the additional
sample tested by a clinical laboratory or hospital facility of the employee’s
own choosing, at the employee’s own expense; provided the employee
notifies the Village of Sauk Village (Chief of Staff) within seventy-two
(72) hours of receiving the results of the tests;

(h) require that the laboratory or hospital facility report to the Village of Sauk
Village that a blood or urine sample is positive only if both the initial
screening and confirmation test are positive for a particular drug. The
parties agree that should any information concerning such testing or the
results thereof be obtained by the Village of Sauk Village inconsistent
with the understandings expressed herein (e.g., billings for testing that
reveal the nature or number of tests administered), the Village of Sauk
Village will not use such information in any manner of forum adverse to
the employee’s interests;

(i) require that with regard to alcohol testing, for the purpose of determining
whether the employee is under the influence of alcohol, test results
showing an alcohol concentration of .08 or more based upon the grams of
alcohol per 100 milliliters of blood be considered positive (Note: the
foregoing standard shall not preclude the Village of Sauk Village from
attempting to show that test results between .04 and .08 demonstrate that
the employee was under the influence, but the Village of Sauk Village
shall bear the burden of proof in such cases);
(j) provide each employee tested with a copy of all information and reports received by the Village of Sauk Village in connection with the testing and the results.

(k) insure that no employee is the subject of any adverse employment action except emergency temporary reassignment or relief from duty with pay during the pendency of any testing procedure. Any such emergency reassignment or relief from duty shall be immediately discontinued in the event of a negative test result.

Section 26.6: Right to Contest

The employee, with or without legal counsel, shall have the right to file a grievance concerning any testing permitted by this policy, contesting the basis for the order to submit to the tests, the right to test, the administration of the tests, the significance and accuracy of the tests, the consequences of the testing or results or any other alleged violation of this policy. It is agreed that the parties in no way intend or have in any manner restricted, diminished or otherwise impair any legal rights that employees may have with regard to such testing. Employees retain any such rights as may exist and may pursue the same in their own discretion.

Section 26.7: Voluntary Requests for Assistance

The Village of Sauk Village shall take no adverse employment action against an employee who voluntarily seeks treatment, counseling or other support for an alcohol or drug related problem, other than the Village of Sauk Village may require reassignment of the employee with pay if he is then unfit for duty in his current assignment. The Village of Sauk Village shall make available through its Employee Assistance Program a means by which the employee may obtain referrals and treatment. All such requests shall be confidential and any information received by the Village of Sauk Village, through whatever means, shall not be used in any manner adverse to the employee’s interests, except reassignment as described above.

Section 26.8: Discipline

In the first instance that an employee tests positive on both the initial and confirmatory test for drugs or is found to be under the influence of alcohol, and all employees who seek voluntary assistance with drug or alcohol related problems, shall not be subject to any disciplinary or other adverse employment action by the Village of Sauk Village. The foregoing is conditioned upon:

(a) the employee agreeing to appropriate treatment as determined by the physician(s) involved;
(b) the employee discontinues his/her use of illegal drugs or abuse of alcohol;

(c) the employee completes the course of treatment prescribed, including an “after-care” group for a period of pending to twelve months;

(d) the employee agrees to submit to random testing during hours of work during the period of “after-care”.

Employees who do not agree to or do not act in accordance with the foregoing, or test positive a second or subsequent time for the presence of illegal drugs or alcohol during the hours of work shall be subject to discipline, up to and including discharge.

The foregoing shall be construed as an obligation on the part of the Village of Sauk Village to retain an employee on active status throughout the period of rehabilitation if it is appropriately determined that the employee’s current use of alcohol or drugs prevents such individual from performing the duties of a Village employee or whose continuance on active status would constitute a direct threat to the property or safety of others. Such employees shall be afforded the opportunity to use accumulated paid leave or take an unpaid leave of absence, at the employee’s option, pending treatment. The foregoing shall not limit the Village’s right to discipline employees for misconduct provided such discipline shall not be increased or imposed due to alcohol or drug abuse.

ARTICLE XXVII
EDUCATIONAL ADVANCEMENT

Section 27.1: Education and Training

Permanent, full-time employees may request compensation for the cost of college level work, seminars and conferences relevant to their role in the organization. Such requests must be made in writing to the Department Head fifteen (15) calendar days prior to the employee’s enrollment or participation. Requests will be reviewed, approved or denied (of which shall be in writing to the employee seven (7) calendar days prior to the employee’s enrollment or participation) by a committee consisting of the Department Head, Chief of Staff and Mayor. Such approval shall not be unreasonably denied. One hundred percent (100%) reimbursement for college level course work will be made only if the employee receives a grade of “C” or better.

Section 27.2: Minimum Training Standards

The Village shall allow each employee of the bargaining unit a minimum of eight (8) hours of state certified, job-related training each year, when such training is reasonably available to the Village.
ARTICLE XXVIII

Any employee accepting and performing duties of employment from any Employer, within our outside the boundary limits of the Village of Sauk Village will be considered as working outside employment.

1. Outside employment will be limited to a maximum of twenty (20) hours per week, unless approved by the Chief of Police.

2. The Village of Sauk Village uniform will not be worn while performing outside employment.

ARTICLE XXIX
MATRON DUTY

Matron duty assignments shall be in accordance with Section 17.5 of this Agreement. The Employer, and the employees performing matron duties, shall be bound by the following conditions:

A. Employees shall not be required to handle or transport any prisoner(s) without the assistance of a police officer;

B. Employees shall be fully trained in search techniques;

C. Employees shall be trained in self defense;

D. Adequate space or room shall be provided to perform searches;

E. Employees shall be monitored audibly and have a police officer immediately available to protect the health and safety of the employee.

ARTICLE XXX
RESIDENCY

Employees shall not be required to live within the Village of Sauk Village to be eligible for employment in the Village.
ARTICLE XXXI
COMPLETE AGREEMENT

The parties acknowledge that during the negotiations which preceded this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining. The understandings and agreements arrived at by the parties after the exercise of that right an opportunity are set forth in this Agreement.

RE: IEPA Loan Application Proposal

Dear Mayor Towers:

As directed, Robinson Engineering, Ltd. (REL) is pleased to present our proposal to initiate the loan application process with the Illinois Environmental Protection Agency (IEPA) for State Revolving Funds (SRF) for the Village of Sauk Village. The loan application would concern the water treatment system improvements at Well 3 required to remove vinyl chloride from the water delivered to the public water supply.

REL contacted Mr. Geoff Andres, Manager of the IEPA’s Infrastructure Financial Assistance Section, to determine what Sauk Village needs to submit at this time for the IEPA’s consideration of a loan. Mr. Andres informed us that a Pre-application is required, but more importantly a Project Plan needs to be submitted as soon as possible. The IEPA establishes a priority ranking system that sets the order of when projects will receive funding. The earlier that a Project Plan is received, the more likely the project will receive funding. Mr. Andres stated that although the deadline for Sauk Village to submit a Pre-application and Project Plan has been extended due to the Village’s contamination problems and the Attorney General’s pending litigation, Sauk Village’s ranking will suffer due to the late submittal of these documents. Therefore, it is critical that the Pre-application and Project Plan are submitted as soon as possible. However, because the Attorney General has significant interest to get Sauk Village back into compliance, this will boost the Village’s priority ranking and enhance the Village’s likelihood of receiving funding.

Based on the above direction by the IEPA, our understanding of the scope of services involved with initiating the loan application process is detailed below.

**Scope of Services**

The initiation of the loan application process will involve the preparation of the following documents in accordance with IEPA Public Water Supply Loan Program requirements:

A. Pre-Application
B. Project Plan, including:
   1) Background Information
      a. Location
      b. Population
      c. Current Service Area
      d. Future Service Area
   2) Water Usage
Thank you for the opportunity to present this proposal.

Very truly yours,

ROBINSON ENGINEERING, LTD.

1. Digital photos of the potential wall locations. Photo to be taken about 50 yard away - if possible - while using zoom to capture outline of building (if possible). The use of the zoom helps take some of the distortion out of digital photos.

2. Measure something on building (IE. Window, door frame - length or height of wall, etc.) about 7 to 10 feet in length or height so vendor can size up the design.

3. Please note any protrusions or other disruptions to a smooth wall. The installation requires that the wall have nothing interfering with the application to a smooth wall.

4. Note the address of the actual physical location - and which direction the wall is facing. Does it face south? North? East? West? If possible, provide an aerial view (whether through GoogleEarth or other mapping program on the Internet) and an arrow pointing to the wall under consideration.

5. Assess any physical damage to potential wall locations. Look at the top of the wall for broken or damaged wall cap or drip edge along the wall above the mural location. Note any missing or degraded mortar and consider tuckpointing damaged areas of mortar for proper repair. Look for water damage on inside walls of the proposed location.

6. Avoid locations with nearby utilities or power poles which could seriously restrict mural installation.

7. Any item not mentioned here is included in the project specifications for committee involvement - and shall also be part of the consideration process.

MEMORANDUM OF AGREEMENT

This MEMORANDUM OF AGREEMENT ("Memorandum") is made and entered into this xxth day of September, 2010, by and between the Village of Sauk Village, an Illinois municipal corporation ("Sauk Village") and Grand Trunk Corporation, a wholly owned U.S. subsidiary and owner of the U.S. rail operating subsidiaries of Canadian National Railway Company (collectively, "GTC"), and co-applicant in the filing before the Surface Transportation Board ("STB") in STB Finance Docket No. 35087. This Memorandum sets out certain commitments GTC is prepared to make to address the following issues resolved by the parties related to existing train traffic and changes in train traffic anticipated as a result of the CN/EJ&EW transaction ("Transaction"), authorized by the STB on December 24, 2008 in STB Finance Docket No. 35087, and the corresponding agreement by Sauk Village that these commitments by GTC resolve any outstanding concerns Sauk Village has related to the Transaction. The specific terms of this Memorandum between GTC and Sauk Village are summarized below, and will be effective upon the execution of this Memorandum by duly authorized representatives of Sauk Village and GTC.

A.

I. Quiet Zones

(A) GTC will support and provide at its sole cost and expense independent consulting assistance to assist Sauk Village’s efforts to establish a Quiet Zone for Torrence Avenue and/or Cottage Grove Avenue. GTC will bear such cost until the Quiet Zone has been approved by the appropriate authorities having jurisdiction over the same. GTC shall provide Sauk Village with a list of appropriate consultants for consideration.

(B) GTC shall fund in its entirety the installation of the minimum requirements of any designated mitigation items required for the establishment of the Quiet Zone within the village limits of Sauk Village.

II. Noise and Safety Mitigation

GTC will provide $270,000 to Sauk Village for noise mitigation, and additional safety fencing for properties adjacent to rail lines owned by GTC’s subsidiary within Sauk Village. These funds may be used to cover reimbursement or construction costs for the improvements including design and engineering. Sauk Village may use these funds for any combination of mitigation elements constructed on non-railroad property, but immediately adjacent to the right of way. In addition, Sauk Village may utilize any portion of these funds to administer a mitigation fund for distribution to owners of property located adjacent to rail lines owned by GTC’s subsidiary. Sauk Village or the referenced property owners will be responsible for the construction, ownership and maintenance of all improvements. Within 60 days from the effective date of this agreement, Sauk Village shall submit to GTC a specific plan for use of the funds, along with any criteria for disbursement if funds are distributed to individual property owners. GTC will commit to disburse
100% of these funds within 30 days of the receipt of the plan. Sauk Village will be responsible for providing a semi-annual report to GTC of all expenditures until all of the $270,000 is spent or otherwise distributed.

III Emergency Response and Training

GTC will provide training, both in-house and off-site, at no cost to Sauk Village for Sauk Village’s emergency responders. GTC will complete a training plan in conjunction with the designated Fire/Rescue Department representatives within 6 months after effective date of this agreement. All training will be completed within a 3-year span. Specialized training will be limited to qualified candidates submitted by Sauk Village. This does not preclude additional training in subsequent years for new employees and as refresher. GTC will cover tuition, transportation, lodging and meals as required.

IV Communications

MEMORANDUM OF AGREEMENT

This MEMORANDUM OF AGREEMENT ("Memorandum") is made and entered into this xxth day of September, 2010, by and between the Village of Sauk Village, an Illinois municipal corporation ("Sauk Village") and Grand Trunk Corporation, a wholly owned U.S. subsidiary and owner of the U.S. rail operating subsidiaries of Canadian National Railway Company (collectively, "GTC"), and co-applicant in the filing before the Surface Transportation Board ("STB") in STB Finance Docket No. 35087. This Memorandum sets out certain commitments GTC is prepared to make to address the following issues resolved by the parties related to existing train traffic and changes in train traffic anticipated as a result of the CN/EJ&EW transaction ("Transaction"), authorized by the STB on December 24, 2008 in STB Finance Docket No. 35087, and the corresponding agreement by Sauk Village that these commitments by GTC resolve any outstanding concerns Sauk Village has related to the Transaction. The specific terms of this Memorandum between GTC and Sauk Village are summarized below, and will be effective upon the execution of this Memorandum by duly authorized representatives of Sauk Village and GTC.

A.

I Quiet Zones

(A) GTC will support and provide at its sole cost and expense independent consulting assistance to assist Sauk Village’s efforts to establish a Quiet Zone for Torrence Avenue and/or Cottage Grove Avenue. GTC will bear such cost until the Quiet Zone has been approved by the appropriate authorities having jurisdiction over the same. GTC shall provide Sauk Village with a list of appropriate consultants for consideration.

(B) GTC shall fund in its entirety the installation of the minimum requirements of any designated mitigation items required for the establishment of the Quiet Zone within the village limits of Sauk Village.

II Noise and Safety Mitigation

GTC will provide $270,000 to Sauk Village for noise mitigation, and additional safety fencing for properties adjacent to rail lines owned by GTC’s subsidiary within Sauk Village. These funds may be used to cover reimbursement or construction costs for the improvements including design and engineering. Sauk Village may use these funds for any combination of mitigation elements constructed on non-railroad property, but immediately adjacent to the right of way. In addition, Sauk Village may utilize any portion of these funds to administer a mitigation fund for distribution to owners of property located adjacent to rail lines owned by GTC’s subsidiary. Sauk Village or the referenced property owners will be responsible for the construction, ownership and maintenance of all improvements. Within 60 days from the effective date of this agreement, Sauk Village shall submit to GTC a specific plan for use of the funds, along with any criteria for disbursement if funds are distributed to individual property owners. GTC will commit to disburse
100% of these funds within 30 days of the receipt of the plan. Sauk Village will be responsible for providing a semi-annual report to GTC of all expenditures until all of the $270,000 is spent or otherwise distributed.

III Emergency Response and Training

GTC will provide training, both in-house and off-site, at no cost to Sauk Village for Sauk Village’s emergency responders. GTC will complete a training plan in conjunction with the designated Fire/Rescue Department representatives within 6 months after effective date of this agreement. All training will be completed within a 3-year span. Specialized training will be limited to qualified candidates submitted by Sauk Village. This does not preclude additional training in subsequent years for new employees and as refresher. GTC will cover tuition, transportation, lodging and meals as required.

IV Communications

GTC will fund at its sole expense the establishment of a specific emergency protocol and dispatching view capability on behalf of Sauk Village. The monitoring system will be web-based and allow for viewing of train location and direction of travel. GTC shall bear the cost of the hardware, software and communication equipment in order to provide specific emergency protocol and dispatching view capabilities as identified above.

Sauk Village will accept funds committed for the mitigation provided in Section II and complete installation of improvements or distribution of said funds within the same three-year period.
B. Sauk Village agrees that it shall not make further submissions in the STB proceeding or in appellate proceedings without GTC’s prior review and approval except in support of this agreement and/or the STB’s decision approving the Transaction.

II. Confidentiality

This negotiated Memorandum and its terms shall be confidential, except to the extent disclosure may be essential for consideration by the Sauk Village corporate authorities at a public meeting and as otherwise required by law and only after notice to, and consultation between GTC and Sauk Village, and except that it may be submitted to the STB’s Section of Environmental Analysis (“SEA”), subject to a request that it be kept confidential by SEA and the STB.

Class 6B Renewal

Dear Mr. Vasselli:

As per our recent conversation, please be reminded that I represent the subject taxpayer which previously was granted a Class 6B Incentive Classification by the Cook County Assessor’s Office with the support and approval of Sauk Village. At this point in time, the taxpayer is preparing to file a Class 6B Renewal Application with the County Assessor in order to extend this incentive. As you know, however, in doing so, the taxpayer must also obtain and submit a certified copy of the resolution or ordinance passed by Sauk Village approving and consenting to this renewal. In that regard, I am submitting herewith the legal description of the property involved, the permanent index numbers, and also a copy of the original Ordinance of March 23, 1999. Please note that the ten permanent index numbers above pertain to all of the parcels owned by this taxpayer, but the only parcels currently classified as 6-63 are 32-35-202-002, 003, 004, 009, 010, and 011.

The subject property has been owned and utilized by R & N Management since its inception as a 100-door, 84,763 sq.ft. truck terminal facility. R & N Management employs approximately 45 people at this facility on a full-time basis, pays approximately $253,000+ in real estate taxes, and many of its employees are local residents residing in this township or the general vicinity, thereby further contributing to the community in terms of real estate taxes and sales taxes. In addition, R & N Management purchases its propane and most all other operating supplies locally, and even utilizes some members of the local police force on a part-time basis for security purposes.

In today’s depressed economy, as you might know, one of the industries most detrimentally affected has been the trucking industry. The substantial downturn in both
Mr. James M. Vasselli  
December 10, 2009 
Page 2

industrial and commercial production over the past few years has severely impacted the trucking industry and has had a serious negative effect on this taxpayer’s business. In fact, this facility primarily transports General Motors auto parts to and from various locations, and the problems facing that company have also impacted the operations at this facility. With its income diminishing, it has become imperative upon this taxpayer to stabilize, if not reduce, all of its operating costs and expenses including, of course, its real estate taxes. Unless this tax incentive is extended, the subject property’s real estate taxes will increase substantially over the next few years due solely to the change in the level of assessment and not due to any increase in the property’s value. This would place a tremendous economic burden on the taxpayer in maintaining its operations at this facility.

In addition, as noted, despite the present incentive, the taxpayer has and continues to pay a substantial amount of real estate taxes, currently approximately $253,000 — a substantial portion of which helps to support and maintain Sauk Village and Bloom Township, as well as the local school districts. It is, therefore, clearly in the best interests of all taxing bodies in Sauk Village and Bloom Township that this taxpayer be able to maintain and continue to operate this truck terminal facility generating income and revenue for all of the parties involved.

Accordingly, I would respectfully request your help and assistance in obtaining the approval and consent of Sauk Village to this taxpayer’s Class 6B Renewal Application. As you know, the Cook County Assessor requires a certified copy of the Village Ordinance approving this incentive extension. For the time being, however, I would respectfully request that you please provide me a letter in lieu thereof, indicating that we have in fact requested this Ordinance which is pending approval by the Village.

I thank you for your cooperation, and if you have any questions, or any additional information or documentation is required, please advise.

Very truly yours,

LEFF & COHEN, LTD.

The overall square footage of the building is approximately 90,000 sq. ft. measuring 600 ft long X 150 ft wide. The building contains 100 dock doors, office space, and garage space. The dock space is approximately 78,500 sq. ft. measuring 475 ft long X 150 ft wide. The office section is approximately 4,000 sq. ft. measuring 75 ft long X 50 ft wide. The auto suppliers where pickups are made are located in Illinois, Wisconsin, and other states west of the Mississippi. The trucks bring the auto parts to the facility where the parts are taken off by the workforce. As the parts are taken off the trailers, the General Motors parts data base is updated by the office state. The parts are sorted by destination, reloaded on trailers and shipped to General Motors Assembly plants throughout the United States.
